

TEXAS XTREME CHALLENGE

Texas DI Xtreme Challenge 2025

Who:

For Middle *and* Secondary Level Teams

What:

Think of it as a Texas-sized Instant Challenge. Teams do not know anything about the Challenge in advance of the competition. On competition day, teams will check-in at the Xtreme site, receive their Challenge and the materials with which to solve it. Each team will have 1 hour in Base Camp to solve the challenge. At the end of the hour, the team will move to the performance site.

When:

Saturday, February 8th

Why:

Because it's SUPER fun! The Texas Xtreme Challenge requires teams to be ready for anything in order to meet the demands of the Challenge and whatever obstacles are thrown their way. It's also an additional opportunity for teams to advance to the Texas Affiliate tournament.

Team Formation

The Xtreme team *can* have the same members as a team competing in a competitive Challenge.

However, the Xtreme team does *not* need to have the *same* members as those who may be solving a competitive Challenge.

In fact, the Xtreme team does *not* need to be competing in any other competitive Challenge at all.

Mix up the team all you want, *except...*

Students can only compete on *one* Xtreme team.

Xtreme counts towards 1 of the 2 challenge limit per DI season

Registration

1. Complete the TXDI Application form.

Use this link to apply for a team number from Texas DI.

The TM and SDC(if applicable) will be sent a membership number. Teams do NOT need to purchase a team number from DII.

2. Register for this GFW DI Extreme tournament by January 13.

The link to register will be sent to you after you have completed the TXDI Application. Xtreme is not part of the RYT system.

How much does it cost? The XTreme Tournament Registration Fee is **\$100**

Do I have to provide an appraiser for the tournament?

Xtreme Challenge teams must provide an Appraiser or pay an Appraiser opt-out fee of \$100.

Practice

Teams can meet and practice as little or as much as they want.

Practicing collaborating virtually and in person are great ways to prepare for this event. Try working on Instant Challenges or an Escape Room as a team.

Advancing

Top-scoring teams advance to the Affiliate (State) Tournament. This is not a DII Challenge, so teams do **not** advance to Globals.
